

Request from Ichikawa City

Starting in March, Ichikawa City will distribute net bags (including substitutes) at garbage collection sites.

Please make sure to put plastic bottles with the mark of  on the label (hereafter it is called PET bottles) in the net bag.

◀ PET bottles will be collected on the same day as plastic packaging. ▶

Before

Plastic packaging
(PET bottles included)

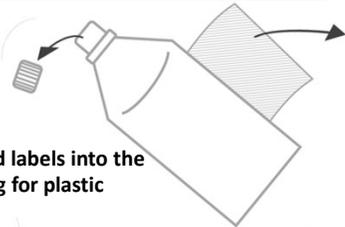

After net
bags start

Net bag : PET bottles **New!!**
Designated bag : Plastic packaging

Dispose of PET bottles

① Take off the cap and label.

② Rinse the bottle lightly with water.

※Put caps and labels into the designated bag for plastic packaging.

③ Crush the bottle a little.

④ Put it into the net bag at the collection site※

< Notice >
If you fix the net bag to a fence,
please make sure it can be
removed on collection day.

※You can also dispose PET bottles at community centers and other public places.

After collection, the net bag will be returned to the collection site.
Please place the net bag so it does not blow away in the wind.

◀ Ichikawa City will hold information sessions about PET bottle collection. ▶

No reservation needed. Same information at all locations. Anyone welcomed.

You can also see the same information on the Internet. ▶ 

Dispose of PET bottles, Net bags, Collection points, Videos etc. English、中文、한국 ▶
