Separating and Disposing Recyclables and Garbage in Ichikawa City

Please separate recyclables and garbage correctly and place them at the collection location by 8 a.m. on the collection day.

Burnable garbage Mon. Wed. Fri.

- Plastic products other than containers and packaging
- Food scraps
- Soiled plastic containers and wrapping
- Rubber and vinyl products
- Leather goods, fabrics, and underwear
- Paper diapers (flush waste down the toilet)

Disposal
Limited to only 3 bags per collection. Place items in a designated bag for "Burnable Garbage". Drain the food scraps thoroughly before placing them in the designated bag.

Small rechargeable batteries Tue.

(Lithium-ion batteries, nickel-metal hydride batteries, nickel-cadmium batteries)

Use these symbols as a guide

- Lithium-ion batteries
- Nickel-metal hydride batteries
- Nickel-cadmium batteries
- Portable battery chargers
- Electronic cigarettes (excluding those subject to collection by their manufacturer)
- Shavers
- Electric bicycle batteries
- Smartphones and tablets
- Other batteries (excluding car and motorcycle batteries)
- Other small rechargeable batteries (30 cm or smaller)

Disposal
Limited to only 3 bags per collection. **Insulate** the batteries by wrapping their ends in vinyl tape, etc., and then place them in a transparent bag or translucent bag which leaves the contents visible. *If a battery is swollen or damaged, please bring it directly to the Solid Waste Management Division.

Plastic containers and wrapping Thu.

Items must have a plastics mark.

- Bottles and tubes
- Candy packages
- Caps and labels
- Packaging such as Styrofoam
- Disposable containers and food trays

Disposal
Limited to only 3 bags per collection. Empty the contents and lightly rinse the inside of the item, and then place it in a designated bag for "Plastic Containers and Wrapping".

Non-burnable garbage Tue.

- Edged tools
- Broken items
- Umbrellas
- Pots
- Spray cans (use up contents before disposal)
- DVD players and videocassette recorders
- Frying pans
- Vacuum cleaners

Disposal
Limited to only 3 bags per collection. Place items in a designated bag for "Non-Burnable Garbage". Wrap broken items and edged tools in newspaper or other similar material and write "キケン" (Danger) on the newspaper before placing them in the designated bag.

PET Bottles Thu.

Items must have a PET mark.

- PET bottles

Disposal
Remove the cap and label, lightly rinse the inside, and then crush the bottle lightly before placing it in the net bag.

Hazardous garbage Tue.

- Fluorescent tubes
- Medical thermometers and blood pressure meters that contain mercury
- Dry batteries

Disposal
Limited to only 3 bags per collection. Place in a transparent bag or in a translucent bag that leaves the contents visible. Before placing fluorescent tubes in a bag, place them in their paper case or wrap them in newspaper or other paper.

Papers Sat.

Do not put out papers on rainy days. Limited to only 3 bundles per collection.

- Newspapers
- Magazines
- Cardboard
- Paper cartons

Disposal
Bundle each type of item and then tie string around the bundle to form a cross shape. Do not bundle items using adhesive tape, place them in a plastic bag, or put them together in a cardboard box. *Even a single piece of paper must be tied with string.

Other recyclable paper

Disposal
Bundle recyclable paper only. Insert between magazines. Place in a paper bag.

Bottles and cans Tue.

Disposal
Limited to only 3 bags per collection. Lightly rinse the inside of the item and then place it in a transparent or translucent bag or a designated bag for "Recyclable Bottles" or "Recyclable Cans". Separate bottles and cans.

Textiles Sat.

- Wearable clothes (including winter clothing and suits)
- Sheets
- Towel blankets and cotton goods

Disposal
Limited to only 3 bags per collection. Wash items and then place them in a transparent or translucent bag. Do not put out textiles on rainy days.

Pruned branches Tue.

Limited to only 3 bundles per collection.

- Branches with 10 cm or less in diameter and 50 cm or less in length

Disposal
Gather branches in a bundle with a diameter of 30 cm or less and then bind the bundle with string.

Please cooperate in recycling small household appliances and rechargeable batteries.

We collect small household appliances, such as mobile phones, and lithium and other rechargeable batteries at collection points in city hall and other public facilities.

Scan the 2D code for more details

The city cannot collect or dispose of the following items

- Items subject to the Home Appliance Recycling Law (TVs, washing machines, clothes dryers, refrigerators, freezers, cooling/warming boxes, and air conditioners)
- Desktop personal computers (main unit), CRT displays (including integrated models), and liquid crystal displays (including integrated models)
- Fire extinguishers
- Propane gas cylinders
- Motorcycles (including scooters)
- Disassembled parts of automobiles and two-wheeled vehicles
- Kerosene, gasoline, and oil
- Pianos, fireproof safes (excluding portable safes), medicines, business equipment, soil, stone, and gravel
- Residential medical waste (syringes, injection needles, and other sharp items, and medicines)

To dispose of these items, check the official Ichikawa City website (using the following 2D code) or the Garbage Separation App.

Garbage from eating/drinking establishments such as restaurants and business offices cannot be put out to household garbage collection location. To dispose of these items, check the official Ichikawa City website (using the following 2D code).
